

LR2698 - ADJUSTABLE PULL DOWN W/ SNOOT

6" LOW VOLTAGE TRIMS

SPECIFICATION

12V 75W Max MR16 GU5.3

Application: These **adjustable** trims provide flexibility and versatility by doubling as both a downlight and as an accent light. Although most trims come with adjustable lamp holders, these trims have larger degrees of rotation resulting in both visual style and practical ergonomics.

The **elbow** design allows for full horizontal and vertical adjustability. With the lamp enclosed in the trim, annoying glares from back and sides of the trim are eliminated to provide visual comfort. Additional options are available providing glare and optical control.

Mounting: Steel pressure springs mounted on trim to ensure positive retention inside housing.

Trim Finish: Die-Formed Construction Available in White, Black, Natural and Copper.

COMPATIBILITY

 LH7LV STANDARD HOUSING 120V/277V	 LH7LVIC IC HOUSING	 LH7RLV REMODEL HOUSING 120V/277V
 LK50 MR16 RETROFIT TRANSFORMER		

Note: Wattage limitations on compatible items must be met.
