

LT830 - GIMBAL RING 30 LINE VOLTAGE TRACK FIXTURES

Accommodates L7 Series lenses when used with LP201 Accessory Clips.

SPECIFICATION

120V 75W PAR30 MED E26

Application: The most popular style of all is the gimbal. With their low-profile design, these fixtures have minimal dimensions and best of all they won't cramp your budget. They are a perfect fit for highlighting artwork in a residence, items in a gallery or retail items in a store. These classic designs are traditionally styled favorites of line voltage lighting.

Connector: Comes standard with 3-Wire H-Type thermo-plastic track connections. Fixture is factory preset for installation on single-circuit track. Contacts may be easily adjusted to install on two-circuit track via pull-up tab. J-Type and L-Type connections are available with extended lead times - consult factory.

Aiming Mechanism: High strength steel yoke with dual fasteners and friction washers to rigidly maintain aiming angle. Optional extensions.

Socket: Standard porcelain medium screw base socket with high temperature leads.

Finish: High heat rated baked enamel Available in Bright White, Black and Natural Metal. Custom finishes available with extended lead times – consult factory.
