

LT833 - GIMBAL RING 38 W/ CLIPS LINE VOLTAGE TRACK FIXTURES

Regress lamp decreases glare w/ room for lens accessory. Supplied with integral accessory clips to accommodate up to two accessories Including LP922 Barndoor Shutters, LP333 Louver and L8 Series Lenses.

SPECIFICATION

120V 150W PAR38 MED E26

Application: The most popular style of all is the gimbal. With their low-profile design, these fixtures have minimal dimensions and best of all they won't cramp your budget. They are a perfect fit for highlighting artwork in a residence, items in a gallery or retail items in a store. These classic designs are traditionally styled favorites of line voltage lighting.

The **Front Loading** series is designed for quick and easy lamp replacement without the need to reposition the fixture after replacing the lamp.

Connector: Comes standard with 3-Wire H-Type thermo-plastic track connections. Fixture is factory preset for installation on single-circuit track. Contacts may be easily adjusted to install on two-circuit track via pull-up tab. J-Type and L-Type connections are available with extended lead times - consult factory.

Aiming Mechanism: High strength steel yoke with dual fasteners and friction washers to rigidly maintain aiming angle. Optional extensions.

Socket: Standard porcelain medium screw base socket with high temperature leads.

Finish: High heat rated baked enamel Only available in White. Custom finishes available with extended lead times - consult factory.
