

LT850 - FLAT BACK CYLINDER 38

LINE VOLTAGE TRACK FIXTURES

SPECIFICATION

120V 150W R40/PAR38 MED E26

Application: The classic designs are traditionally styled favorites of line voltage lighting. They are budget friendly and have simple designs that complement any décor. The fully enclosed lamp captures all stray light. The baffled opening ensures minimal glare from lamp for maximum visual comfort. Front loading designs allow for quick and easy lamp replacement without the need to reset head position. Made of high quality formed aluminum, they are dependable for residential and light commercial applications, for worry free operation for years to come.

Connector: Comes standard with 3-Wire H-Type thermo-plastic track connections. Fixture is factory preset for installation on single-circuit track. Contacts may be easily adjusted to install on two-circuit track via pull-up tab. J-Type and L-Type connections are available with extended lead times - consult factory.

Aiming Mechanism: Internal mechanism to rigidly maintain aiming angle.

Socket: Standard porcelain medium screw base socket with high temperature leads.

Finish: High heat rated baked enamel Available in White and Black. Custom finishes available with extended lead times – consult factory.
