

LT861 - MESH SHADE 20 LINE VOLTAGE TRACK FIXTURES

SPECIFICATION

120V 50W PAR20 MED E26

Application: Very popular in high-end residential and retail environments. These professional grade designer track fixtures are fully adjustable and their position locking knobs and front-loading designs make them a perfect fit for the most demanding applications. Durable high quality powder coat paint ensures long life with little color fatigue over the years.

Connector: Comes standard with 3-Wire H-Type thermo-plastic track connections. Fixture is factory preset for installation on single-circuit track. Contacts may be easily adjusted to install on two-circuit track via pull-up tab. J-Type and L-Type connections are available with extended lead times - consult factory.

Aiming Mechanism: Polycarbonate arm with single plastic tightening knob to rigidly maintain aiming angle.

Socket: Standard porcelain medium screw base socket with high temperature leads.

Recommended for Damp and Wet locations

Finish: High heat rated baked enamel Available in White, Black and Natural Metal. Polycarbonate mounting arm and socket housing in black or white. Custom finishes available with extended lead times – consult factory.
