

LT874 - HANDLES 30 LINE VOLTAGE TRACK FIXTURES

Independent aiming handles allow cool to the touch aiming.

SPECIFICATION

120V 75W R30/PAR30 MED E26

Application: For a contemporary European feel, these cone shaped fixtures offer an elegant design statement. Their lamp is fully enclosed allowing the cone shape to ensure no light leakage from back.

The fully covered lamp allows for a simple and unobtrusive design. Comes with integral tightening knobs to ensure precise aiming for years to come.

Connector: Comes standard with 3-Wire H-Type thermo-plastic track connections. Fixture is factory preset for installation on single-circuit track. Contacts may be easily adjusted to install on two-circuit track via pull-up tab. J-Type and L-Type connections are available with extended lead times - consult factory.

Aiming Mechanism: Horseshoe arm constructed of hollow stainless steel structural wire with polycarbonate mounting cylinder and flat adjustment tab. Internal mechanism rigidly maintains aiming angle.

Socket: Standard porcelain medium screw base socket with high temperature leads.

Finish: High heat rated baked enamel. Only available in White. Polycarbonate mounting cylinder, contact head, adjustment tab and socket housing in black or white. Custom finishes available with extended lead times – consult factory.
