

One-Circuit Track Layout Components

TRACK ACCESSORIES - SINGLE CIRCUIT

Flexible Connector

Joins two track channels at any angles.
Up to 85 degrees vertically or horizontally.
May be used as an electric feed point.

Ordering:

LP902W	White
LP902B	Black
LP902S	Satin Gray

End Cap

Cap for end of channel
Included in standard track channel lengths.

Ordering:

LP930W	White
LP930B	Black
LP930S	Satin Gray**

Mini Connector

Joins to track channels end to end.

Ordering:

LP949W	White
LP949B	Black
LP949S	Satin Gray
LP949W-2	Bright White

Linear Connector

Joins two track channels in a straight line.
May be used as an electric feed point.

Ordering:

LP903W	White
LP903W-2	Bright White
LP903B	Black
LP903S	Satin Gray

L-Connector

Joins three track channels in a perpendicular fashion.
May be used as an electric feed point.

Ordering:

LP943W	White
LP943W-2	Bright White
LP943B	Black
LP943S	Satin Gray

Conduit Continuation Kit

Allows for continuation of a run with conduit.

Ordering:

LP989W	White
LP989B	Black
LP989S	Satin Gray

T-Connector

Joins three track channels in a perpendicular fashion.
May be used as an electric feed point.

Ordering:

LP905W	White
LP905W-2	Bright White
LP905B	Black
LP905S	Satin Gray

X-Connector

Joins three track channels in a perpendicular fashion.
May be used as an electric feed point.

Ordering:

LP946W	White
LP946W-2	Bright White
LP946B	Black
LP946S	Satin Gray
