

LRS30 - REFLECTOR 30

6" LINE VOLTAGE TRIMS

SPECIFICATION

120V 75W Max R30/PAR30 MED E26

Application: Great for basic area lighting of a room or space. The 6" reflector trims produce a low, bright illumination with a choice of reflector and trim ring color combination. The clear reflector produces a maximum light output while minimizing the source. The black reflector creates a "hidden" effect that obscures the glare of the lamp. All of the color choices create an outstanding general illumination that is suitable in both residential and light commercial applications.

Mounting: Steel pressure springs mounted on trim to ensure positive retention inside housing.

Reflector Finish: Spun Aluminum Reflector Available in White, Black, Clear, Gold, All Copper*, Satin Haze and Champagne Gold.

Ring Finish: Die-Formed Aluminum Trim Ring Available in White, Black, Chrome, Gold, Natural and Copper.

Label: UL Listed, cETL Listed

COMPATIBILITY

 LH27 STANDARD SHALLOW HOUSING	 LH27R REMODEL SHALLOW HOUSING	 LH7 STANDARD HOUSING
 LH7IC 100W IC HOUSING	 LH7R REMODEL HOUSING
