

LT721 - DIE-CAST VERTIS 111 LOW VOLTAGE TRACK

SPECIFICATION

Application: Very popular in high-end residential and retail environments. These professional grade track fixtures are fully adjustable and their position locking knobs and front-loading designs make them a perfect fit for the most demanding applications. Durable high quality powder coat paint ensures long life with little color fatigue over the years.

Connector: Comes standard with 3-Wire H-Type thermo-plastic track connections. Fixture is factory preset for installation on single-circuit track. Contacts may be easily adjusted to install on two-circuit track via pull-up tab. J-Type and L-Type connections are available with extended lead times - consult factory.

Transformer: Solid state electronic transformer for voltage reduction and noiseless operation. 120V/60Hz input – 12V output. 50 VA max. load. (Unless specified otherwise) For dimming, use electronic low voltage rated dimming controls. When using dimmer controls, it is recommended to fully power lamps without dimming for 50+ hours to maximize halogen lamp life.

Finish: High heat rated baked enamel Only available in White.

COMPATIBILITY

LP

1 CCT TRACK CHANNEL

LPC

2 CCT TRACK CHANNEL

Note: Wattage limitations on compatible items must be met.
