

LTS171 - SINGLE WEDGE LIGHT SLIMTRAK™ LIGHTS

SPECIFICATION

12V/24V 10W Max Xenon T4 Wedge Base

Application: Linear Accent lighting with SlimTrak is the perfect match when professional grade cabinet and cove lighting are needed. The SlimTrak line allows the user to illuminate compact spaces like coves and under cabinets effortlessly.

Designed specifically for compact applications, these die-cast and injection molded SlimTrak heads are the perfect fit to illuminate merchandise and other objects displayed in retail and residential environments; all with a compact unobtrusive lighting system.
