

SlimTrak[™] Components

SLIMTRACK COMPONENTS

Extension Wand

Extends LTS style track heads from track channel.

Ordering:	Finish:
LPS912 12"	W White
LPS918 18"	B Black
LPS924 24"	
LPS936 36"	
LPS948 48"	

SlimTrak[™] Channel

Can be operated at 12V or 24V.
Remote and in line low voltage transformers, to hide bulky transformer on 3/8" x 3/4" slim extruded profile
25 Amps Per Circuit

Ordering:	Finish:
LPS04W 4 Foot Channel	W White
LPS08B 8 Foot Channel	B Black

Mini Linear Connector

Joins to track channels end to end.

Ordering:
LPS949B Black
LPS949W White

"I" Connector

Joins two track channels in a straight line.
May be used as an electric feed point.

Ordering:	Finish:
LPS903 Conductive	W White
LPS903NC Non - Conductive	B Black

"L" Connector

Joins two track channels in a perpendicular fashion.
May be used as an electric feed point.

Ordering:	Finish:
LPS943 Conductive	W White
LPS943NC Non - Conductive	B Black

Mono-Point Canopy w/ Transformer

Comes with integral transformer. Mounts to standard junction box.

Ordering:
LPS802B Black
LPS802W White

Mono-Point Canopy

For use with remote 12V transformer. Mounts to standard junction box.

Ordering:
LPS973B Black
LPS973W White
